Apex Institute of Technology - Training & Placement Cell Policies 2024

1. Student Registration & Eligibility Criteria

To participate in campus recruitment drives, undergraduate students must possess a minimum cumulative CGPA of 6.50 across all completed semesters with no more than 1 active/standing backlog at the date of drive registration. Certain Tier-1 multinational recruiters enforce strict criteria of CGPA >= 7.50 with zero lifetime backlogs.

Category	Criteria
General Placement Eligibility	CGPA >= 6.50, Max 1 active backlog
Tier-1 / Dream Companies	CGPA >= 7.50, 0 active backlogs
Super Dream Recruiter Band	Packages exceeding 18 LPA ($75,000)

2. The Dream Offer Regulation

Once a candidate secures a placement offer, they are categorized as Placed. Placed students are permitted to contest for ONLY ONE additional 'Dream Offer' if the compensation package is at least 1.5 times their existing offer, or for any 'Super Dream' offer exceeding 18 LPA.

Apex Institute of Technology - Training & Placement Cell Policies 2024

3. Mandatory Professional Dress Code

Students appearing for corporate presentations, written rounds, and interviews must strictly adhere to formal corporate attire. Formal dark suits/blazers, polished formal shoes, and institutional ID badges are compulsory. Casual apparel or sneakers result in instant debarment from the drive.

4. Pre-Placement Training (Bootcamp)

Participation in the 6th-semester 40-hour Aptitude, Data Structures, and Soft Skills training bootcamp is mandatory. Failure to achieve 85% attendance in the training bootcamp forfeits campus placement registration.
